

BNC0S111C00

Product Details

Features

4K/8K Broadcast Coaxial 75 ohm BNC Type Board Connector, 12G-SDI BNC Connector, 1 pos., Right Angle DIP Type

Part Number	BNC0S111C00
Status	Active
Number of Positions	1 pos.
Rated Current	DC 1 A
Rated Voltage	AC 250 Vr.m.s.
Applicable Specifications	SMPTE/ITU (SMPTE-STD-2081-1, 2082-1)
Connector Type	12G-SDI BNC Connector
Connector Style	Right Angle
Characteristic Impedance	75 ohm
Mounting Method	Soldering (Through-hole)
Locking Feature	Bayonet Lock
Applicable PCB Thickness	1.6 mm
Durability	5,000 mating cycles
Operating Temperature Range	-40 deg. C to +85 deg. C
Storage Condition	-20 deg. C to +50 deg. C, 90 % RH max.
RoHS compliant	10 substances (2011/65/EU, (EU)2015/863)

Notice

1. The values specified in this web site are only for reference. The products and their specifications are subject to change without notice. Contact our sales staff for further information before considering or ordering any of our products.

For purchase, a product specification must be agreed upon.

2. Users are requested to provide protection circuits and redundancy circuits to ensure safety of the equipment, and sufficiently review the suitability of JAE's products to the equipment.

3. The products presented in this web site are designed for the uses recommended below.
We strongly suggest you contact our sales staff when considering use of any of the products in any other way than the recommended applications or for a specific use that requires an extremely high reliability.

(1) Applications that require consultation:

- * Please contact us if you are considering use involving a quality assurance program that you specify or that is peculiar to the industry, such as:

Automotive electrical components, train control, telecommunications devices (mainline), traffic light control, electric power, combustion control, fire prevention or security systems, disaster eventon equipment, etc.

- * We may separately give you our support with a quality assurance program that you specify, when you think of a use such as :

Aviation or space equipment, submarine repeaters, nuclear power control systems, medical equipment for life support, etc.

(2) Recommended applications include:

* Computers, office appliances, telecommunications devices (terminals, mobile units), measuring equipment, audiovisual equipment, home electric appliances, factory automation equipment, etc
