MX48002NQ1

Product Details

Features

Automotive Connector, GVIF and LVDS transmission, High-speed transmission, 2 pos., Key type A, Housing color Light blue, PCB side connector

| Part Number | rt Number MX48002NQ1 | |
|----------------------------------|--------------------------------------|--|
| Status | Active | |
| Number of Positions | 2 pos. | |
| Contact Pitch (mm) | 2.0 | |
| Applicable Specifications | GVIF、LVDS | |
| Waterproof/ Non-waterproof | Non-waterproof | |
| Applications | Automotive infotainment applications | |
| Connector Type | PCB side connector | |
| Connector Style | Right angle | |
| Contact Type | Socket | |
| Polarization | Yes | |
| Locking Feature | Mechanical lock | |
| Electro Magnetic Shield Function | Yes | |
| PCB Side Mounting Style | Soldering (Through-hole) | |

| Dielectric Withstanding Voltage (VACr.m.s. 1minute) | 1000 |
|---|--|
| Insulation Resistance (megaohm min.) | 100 |
| Applicable PCB Thickness | 1.6 |
| Operating Temperature Range (deg. C) | -40 to +85 |
| Material of Insulator | External housing:SPS-GF30, Internal housing:LCP-GF35 |
| Color of Insulator | Light blue |
| Material of Contact | Copper alloy |
| Finish of Contact in Connecting Area | Gold plating over Nickel |
| Finish of Contact in PCB Mounting Area | Tin plating |
| Ground Terminal, Shield Shell Material/ Finish | Copper alloy/ Tin plating |
| RoHS compliant | 10 substances (2011/65/EU, (EU)2015/863) |
| REACH compliant | |
| Remarks | |

Notice

- 1. The values specified in this web site are only for reference. The products and their specifications are subject to change without notice.
 - Contact our sales staff for further information before considering or ordering any of our products.
 - For purchase, a product specification must be agreed upon.
- 2. Please contact us if you are considering use involving a quality assurance program that you specify or that is peculiar to the industry. Also contact us regarding the details of use, usage, specification before considering or ordering any of our products.

| 3. | Users are requested to provide protection circuits and redundancy circuits to ensure safety of |
|----|--|
| | the equipment, and sufficiently review the suitability of JAE's products to the equipment. |
